

SMB1W-PCB

- PCB for SMB1W series
- Circuit pattern material: Cu + Au plate
- Finishing: Ni plate
- Dimension: 17 x 23 x 0.8 mm

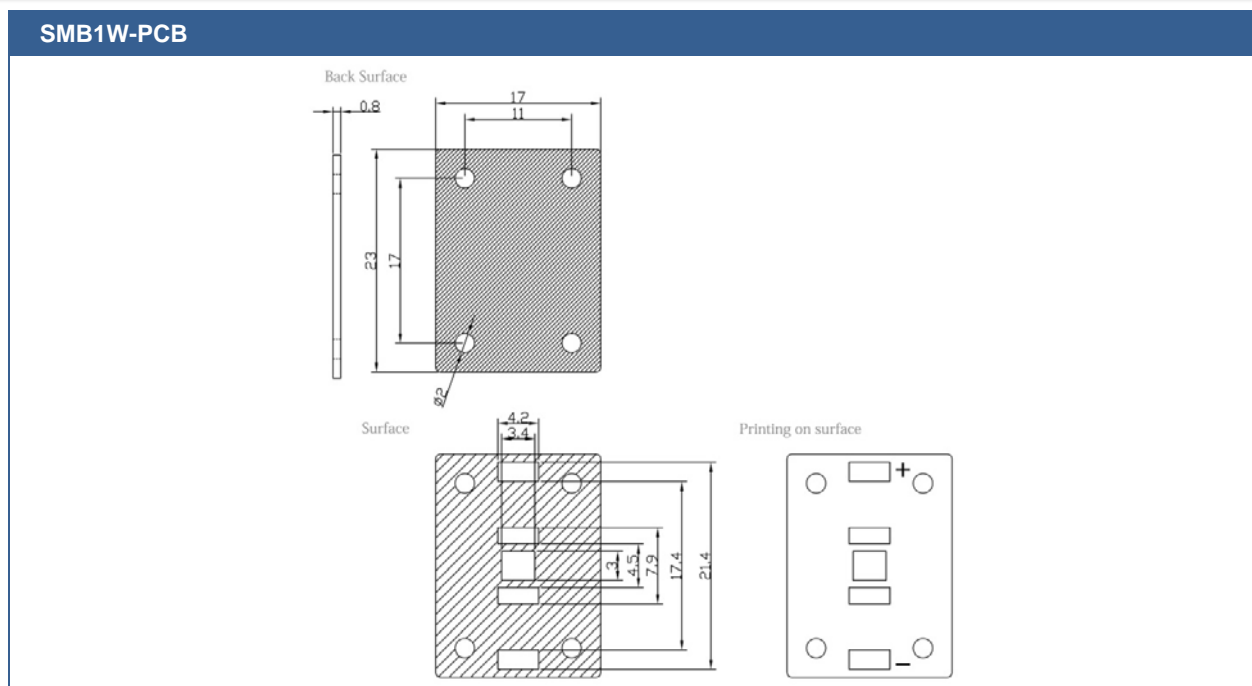

Description

SMB1W-PCB is a printed circuit board designed for easily soldering and mounting LEDs of SMB1W series. To install the PCB on a heat sink, it features 4 mounting holes (Ø2 mm) on each corner. The substrate is made of copper and the finishing of mating surface is gold plate.

Specifications

Parameter	Symbol	Values	Unit
Dimensions		17 x 23 x 0.8	mm
Mounting Hole Size		Ø2	mm
Material	Circuit Pattern	Cu	
	Finishing	Ni	
	Mating Surface	Au	
Weight		2.8	g
